Dear Candidate,

Congratulations! 🎉

We're delighted to share that you've successfully cleared the **System Engineer (Trainee)** selection process. This is a significant milestone and a reflection of your effort, capability, and potential. Welcome to the next step of your journey with Infosys.

As you prepare to begin your career with us, we'd like to offer you an opportunity to go

a step further.

Introducing the Upgrade Training Program

This optional training program is designed to help you **strengthen your technical foundation, build job-ready skills, and prepare for higher-value roles** as you move forward in your Infosys journey. Many candidates use this program to sharpen their capabilities and improve readiness for more advanced opportunities.

To help you understand how the program works and how it can benefit you, we're sharing

an **Introduction Session**, where we'll cover:

- What the Upgrade Training Program is all about
- The learning structure and expectations
- How this program can support your career growth and role readiness

Session Details

- **Session Name:** Introduction Session – Upgrade Program
- **Session Link:** Infosys Power Programmer Hiring Explained | Mock Questions Solved

We encourage you to attend this session and explore how the Upgrade Training Program can help you start your career journey with greater confidence and clarity.

Once again, congratulations on your selection. We're excited to support you as you take

this next step and look forward to seeing you grow and thrive at Infosys.

Warm regards,

Talent Acquisition
